# Homework Club

Homework Club provides a structured and quiet space for students to go to after school and tackle their schoolwork before heading home. With a small staff to student ratio, we're there to help keep students on task and focused so they can use their time wisely! If students need assistance in any particular area of study, be it math, spelling, social studies, or general organizational skills, we can assist and coach! Parents are encouraged to communicate any specific areas of focus to our site coordinator so that we can help each student be most successful. Computers will be available for students who have online homework to complete.

\*Students should come prepared with a book to read in case they are able to complete their homework before the end of the exploratory

- Monday – Wednesday After-School
  - 1<sup>st</sup> – 5<sup>th</sup> grade
- Find all of the Homework Club options on our Website!
