Fall Engineering Exploratory

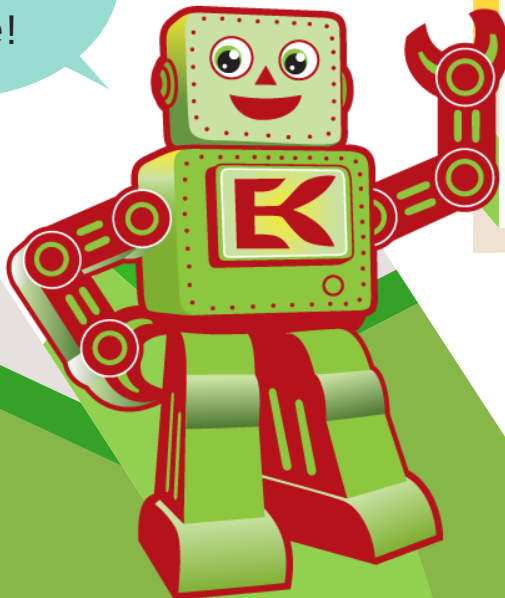

GO GREEN

JUNIOR ENVIRONMENTAL ENGINEERING

Are you ready to get down and dirty searching for solutions to some of our biggest environmental problems? Save endangered animals, help plants grow and create protection from the sun's heat! We'll also explore erosion, animal adaptations, plant growth and more! Together we can discover ways that engineers can help with environmental challenges!

Bring your creations home!

Class is at Oak Hills on Tuesdays for Grades 1-3 starting September 5th!
