THE LOG CABIN!

*Knock Knock,
Who's there?*

Wood..

Wood Who?

Wood you like to come and build a Log Cabin with us??

Log Cabins have been around for thousands of years!

They were made by the settlers, the first generation of home builders!! But no ax or chisel needed to build this log cabin. In woodshop you will learn how to safely use the saw, clamps, sandpaper and glue to build your project. This log cabin doubles as a bank, to save your money and treasures. If time allows, you can add windows, tables and chairs and whatever else you would like as well.

Register for woodshop today, and show all of your friends and family your very own

Log Cabin...that you built!!!
