

Come Join Us In The Garden For:

Dig & Grow!

A Growing Outdoors Garden Experience

Continue to learn some of the gardening practices and sciences used by gardeners all around the world, and devise new, creative plant-care strategies and practices in the Willow Elementary garden! In cooperation with Willow, Growing Outdoors is excited to offer an after-school garden program that benefits both student and garden growth! Through practical gardening skills, games, art, and hands-on science experiments, student gardeners will learn and create using Patience, Level-heads, Awareness, New ideas, and lots of Teamwork!

GRADES: TK-Kindergarten

WHEN: Thursdays (1:20pm-2:15pm) -
9/12 to 11/14
