

GLASS ART FUSION - VOLUME 2!

Take glass art fusion to the next level with Volume 2! This class will introduce students to some of the more advanced techniques of glass fusion. Students will learn to use special fiber paper for carving into glass, explore the magic of reactive glass and how different temperatures can change its colors, learn how to create a beautiful woven basket designs, and so much more!

Students younger than 3rd grade must have taken at least one Glass Art Fusion class with Growing Outdoors to enroll.
