Paint & Pencil Studio **Artist Techniques!**

Enter the world of drawing and painting with special projects planned specifically for 3rd-5th graders! Using the included materials, we'll follow our artist-instructor, Harrison, through many of the skills, techniques, and elements of drawing & painting that can help turn our imaginations into colorful works of art. Projects will include professional, guided techniques while also allowing opportunities for the artist to explore their own unique and imaginative creative-process!

3rd-5th Grade - Wednesdays (4:00pm-4:45pm)
