Storytelling Around the World!

What's not to love about listening to a story? Everyone loves snuggling up with a blanket and letting their imagination soar as they hear epic tales unfold. But are stories always the same? Who came up with them, and why? In this class we'll explore the many ways of how different cultures around the world, both past and present, have left their stories for future generations to come!

What better way to explore the human experience than through our stories – join the fun today! This class will include creative writing and art projects, as well as opportunities to express, perform, and share our own stories with one another.

1st-3rd Grade: Mondays (3:15pm-4:00pm)
