

we learn, we build, we play with
LEGO® Bricks

AFTER SCHOOL

So fun... it won't feel like learning!

RED OAK ELEMENTARY

Growing Outdoors

2021 Fall Trimester After School Exploratory for 1st-3rd Grades

Tuesdays From 2:35PM-3:35 PM

A LEGO Ticket to Ride!

Learn about the history and mechanics of favorite amusement park rides in this imaginative unit. Students will construct a Ferris Wheel, Carousel Swing, Tilt a Whirl, Loop de Loop ride, Swing Boat ride, Merry Go Round, and more! Lessons incorporate principles of physics, described in a way children can understand, such as "G-force" inertia and momentum, as well as math concepts such as "there are 360 degrees in a circle". These engaging lessons will give students an understanding of the physical forces they experience every day.

Build a LEGO
Ferris Wheel
model and more!

Rates and Registration:

Register your child online for our
program at:

www.growingoutdoors.com

and they'll receive their own

LEGO® Minifigure!

*For a full description of the class and to register
online, please visit:*
