

## Great Math Foundations

by

### What Is It?

*Problem solving and critical thinking activities so students can exercise "math muscles" and build number sense! All skill levels welcome!*

### When Is It?

***Wednesdays at Willow!***

*1st to 5th Grades*

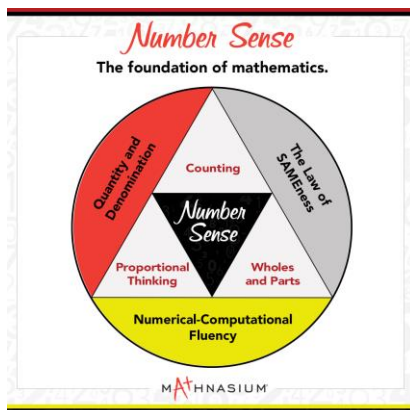

*1:05 to 2:05pm*

*Mar 1 to May 10 (No class April 5)*

### Register At:

[www.growingoutdoors.com](http://www.growingoutdoors.com)

*for dates, pricing, and to register online!*

*The foundation of mathematics is **Number Sense** - the ability to appreciate the size and scale of numbers in the context of the question at hand.*

*Mathnasium builds the deep understanding and lifelong love of mathematics that come from number sense.*

***Great Math Foundations are a set of fun activities inspired by the structured program delivered at Mathnasium Learning Centers.***
