# **EARTH SCIENCE EXPLORERS**

**Biologists, chemists, and archeologists, oh my!  
Come join this exciting and hands-on exploratory  
with a new experiment each week. We will learn  
how the scientific process works by asking  
questions, making a hypothesis, and seeing the  
results right there in front of us! Each week is a  
new Earth Science mystery to solve... let's work  
together to figure it out!**
